

Enjoy better hearing with the new Intiga wireless hearing aids!

Are voices and sounds becoming harder to hear? Or harder to understand? Likely it's both. It's time to experience life without boundaries!

We are delighted to introduce you to an impressive new advance in wireless hearing device technology called Intiga!

Intiga is a new stylish wireless hearing device that delivers more natural sound than ever before.

You deserve to hear in every situation! - You are invited to a complimentary consultation and demonstration of the new Intiga wireless hearing devices. You will learn how wireless hearing aids like Intiga offer clearer sound and are the best way to enjoy hearing the television and the telephone.

You can experience the new wireless Intiga hearing device for free at Totalcare Hearing during November

We look forward to showing you the difference to your hearing. Call us now to book your complimentary consultation. Places are limited so call now to avoid disappointment **9909 0020 (Neutral Bay) or 9387 3637 (Bondi).**

Best Regards
